Israel Refuses To Budge Despite Ike's Appeal, UN Sanctions Threat

Here! Get Them

Marvin Gilmore, 29, drops Belinda Woods, nine months, from a burning building in Camden, N.J., into the waiting hands of onlookers. Gilmore rescued three other young children from the blaze before finding safety himself.

Climbs Wires

Mechanic Rescues 4 Babies In Fire

CAMDEN, N. J. — UP — Four small children were rescued from their burning home yesterday by an unemployed auto mechanic who clung to telephone wires to climb to the second floor and then

Good Evening!

Spring skies, winter breezes.

Never fear, however. Two more weeks of groundhog weather and we're in.

Difficult decision in a difficult speech by Mr. Eisenhower last evening, and perhaps one of the few for which more thoughtful Americans couldn't stand up and cheer.

We've got to uphold the U. N., to be sure, as the President emphasized. But at the same time we've got to make sure that U.N. decisions aren't inimical to our own priceless traditions of fair play.

The Mideast crisis is a grave one indeed. Still, American firmness on basic principles must be the prime influence toward its solution.

And Governor Leader loses no time upholding Dr. Boehm's policy of putting the department of public instruction back into business by employing a few competent experts to help do the job.

Well, there's a little issue, blown far beyond its actual importance, on which we and the gunner see eye to eye.

Some 38,000 dock workers start returning to their jobs along the eastern coast today as the Longshoremen's strike is ended.

There's another perfect example of a strike in which nobody wins. And we still think the day must come when labor and management will shock themselves awake to the fact that strikes are a completely outmoded instrument for ironing out disputes.

A station wagon is something city folks buy when they move to the country so the country folks will know they're from the city.

The coed concluded her prayers with a modest appeal: "I'm not asking for myself, but please send my mother a son-in-law."

If you drive, be careful.

Bridge Body To Discuss Yardley Site

Commission Meets
Today To Go Over
Span Proposals

The Delaware River Joint Toll Bridge commission will meet today to discuss the merits of several proposals for locating the proposed new Yardley bridge.

The present span was extensively damaged by the 1955 floods and currently is bolstered by a temporary "Bailey bridge," installed by the Corps of Army Engineers.

New Jersey Highway Commissioner Dwight R. G. Palmer will present his recommendations for a new high-level bridge at Yardley when the bi-state span agency meets today.

Two Proposals

Two span proposals are under study — one to be placed 150 feet north of the old bridge, the other approximately one and a half miles upriver near Scudder's Falls.

Earlier Commissioner Palmer said he favored the Scudder's Falls site because the Federal government would provide matching funds for construction.

Businessmen in the Yardley-Wilburtha area are on record as opposing the Scudder's Falls location.

The commission will also decide on furniture once used in a so-called "penthouse" lounge on the roof of the commission building.

Commissioner Executive Director George Feaster said the furniture, including tables, chairs and sun umbrellas, once was part of the roof-top lounge in use during the era in which former commission officials are charged with lavish spending of commission funds.

Three former commissioners and a commission officer are under indictment on charges of mismanagement of commission money and conspiracy during their terms. Their argument to quash the indictments was heard before the Bucks County Court earlier this week.

Sun Warms Cold Bucks Air

Endless streams of sun poured through Lower-Bucks windows today sharpened by just enough of a temperature tinge to make it a dandy of a winter day.

The Weather Bureau at Trenton promised the fair skies today would continue tonight with some cloudiness making a move into the area tomorrow.

Today's afternoon reading was expected to reach a pleasant 40 degrees with tonight's low not expected to fall past 25.

Tomorrow will be cloudy with more moderate temperatures reaching into the middle 40's.

Yesterday's high reading was 37 at 3 p.m. and the low this morning was a dry 23 at 6:30. It had jumped to 31 by 10 a.m.

Frontier Lawman

A tough town had to have a tough marshal, a man of iron nerve who could outdraw and outshoot the lawless. Often these men were cold-blooded killers. After Pawnee City hired Wild Jack Mason, they looked around desperately for a way to fire him. Read

Cake for New Citizen

(Courier & Times Photo)

Diane Gianetti, Bristol High School senior who just became an American citizen, cuts a cake given in her honor by classmates in the problems of democracy class of Miss Marion Peck. Born in Italy, Diane provided a vivid example for the class studies. She took the oath of American citizenship in Federal Court this week.

Survey Shows

Bucks Integrated Housing 'Accepted'

PHILADELPHIA — UP — The University of Pennsylvania said today results of a survey of an inter-racial housing development in suburban Bucks County showed that "general public acceptance of racially unsegregated housing may come sooner than experts predicted."

The survey of 102 families in Concord Park, Trevoze, where about 45 per cent of the buyers were Negroes, was made by the Institute for Urban Studies of the University as part of a larger analysis of housing markets.

Physical Attractions

The study reported slightly more than 50 per cent of the

white buyers were influenced to some extent by the interracial policy in their decision to buy. Eighty-six per cent of the park's white owners chose the \$12,000 to \$4,000 homes because they liked the physical attractions of the developments, the survey reported.

Far more applications from Negroes were received than could be accommodated, the report said. The excess led to a control system where 55 per cent of the homes were reserved for whites and 45 per cent for Negroes.

The survey said a majority of the whites indicate that they

Sen. Johnson Regrets Call For Pressure

Says Israel Can't
Be Left Alone In
Mideast Situation

WASHINGTON — UP — Senate Democratic Leader Lyndon B. Johnson said last night he regrets President Eisenhower's call to "bring pressure" on Israel alone to withdraw its troops from Egypt.

Johnson said Israel should withdraw its troops as the President again urged in his nationwide address last night. But Johnson said "the withdrawal should be accompanied by adequate UN action that will not leave Israel defenseless."

"I regret that the administration feels that there is no choice but to bring pressure on one side in a two-sided dispute in the Middle East unless certain terms are met," he said.

Mr. Eisenhower discussed the "fateful" Middle East crisis in a nationwide radio-TV address last night. He reiterated his hope that "Israel will see that its best immediate and long-term interests" lie in complying with a UN order to pull out of the Gaza Strip and Gulf of Aqaba areas of Egypt.

Believes Pressure Needed

But he said that if Israel continued its refusal, "I believe that in the interests of peace the United Nations has no choice but to exert pressure upon Israel to comply."

The White House disclosed today that Mr. Eisenhower sent Israel Premier David Ben-Gurion a "personal" message Wednesday before making his radio-TV address.

Press Secretary James C. Hagerty declined to disclose the contents. But informed sources said the message was designed to inform Ben-Gurion of the contents of the speech in advance of delivery. They denied it was an "ultimatum" to Israel.

Mr. Eisenhower carefully refrained from spelling out what

(Continued on Page 3, Col. 2)

Dock Workers Staying Out

NEW YORK — UP — Striking East Coast longshoremen were ordered back to their jobs today, but by mid-morning it appeared unlikely many would actually work.

There was no shape-up for selection of work gangs in New York this morning. In Philadelphia, workers showed up on the piers but none went to work.

Voting on ratification of the settlement between the International Longshoremen's Association and shippers and local disputes in Baltimore and Norfolk appeared to be holding up resumption of work on the docks.

An insurgent New York local of the ILA refused to return to work until the master contract accepted by the ILA and shippers is ratified by workers in all ports from Maine to Virginia.

PRESIDENT EISENHOWER

Atomic Heads No Threat For Bucks

NIKE Commander
Says Safeguard
Stops Accidents

The atomic warhead Defense Secretary Charles E. Wilson said will be attached to NIKE missiles need not cause alarm in Lower Bucks county, the commanding officer of the Bristol township NIKE launcher and control base said today.

Lt. Robert J. Harcarick, commanding officer of Battery D, 506th Anti-Aircraft Missile Bn., which mans the local base, said the atomic-equipped missiles, if and when they are sent here, will have no chance of going off prematurely. The missiles are equipped with a foolproof system that makes it impossible for them to go off accidentally, the officer said, and will not be fired unless there should be an enemy attack.

Mr. Wilson yesterday said nuclear warheads for the defense missiles are ready now, but it may be a year before they are deployed throughout the country. The defense secretary said long-distance atomic air defense weapons are now protecting American cities and industries from enemy H-bombers.

They are being stored at air defense command bases throughout continental United States. Their vast power, according to Wilson, provides a new deterrent

(Continued on Page 3, Col. 2)

House Passes GI, FHA Funds

WASHINGTON — UP — The House has passed stopgap legislation to pump an extra \$500 million into the tight market for GI and FHA mortgages.

The bill passed yesterday by voice vote. It was sent to the Senate and would replenish funds of the Federal National Mortgage association (FNMA), which are expected to be exhausted within a few weeks.

The agency serves as a secondary market in buying and selling government-insured mortgages. It offers to buy up such mortgages from lenders who wish to dispose of them to get funds for new loans.

Woman Tumbles From Automobile

A Levittown woman suffered minor brush burns of the body when she was thrown from her car after it swerved off Route 413, above Newportville road, shortly before 8 a.m. today.

The woman, Miss Sylvia Edelman, 19, of 15 Silver Spruce road, Levittown, was taken to Lower Bucks County hospital by the Bucks County Rescue squad. She was treated and released.

She said she didn't know exactly what happened but she lost control of her car and it ran off the road and she was thrown to the ground.

Nation In Angry Mood Over Speech

Ben-Gurion Reply
To Eisenhower's
Appeal Expected

UNITED NATIONS, N.Y. — UP — Israel refused to budge today from its demand for guarantees before withdrawing its troops from Egypt despite pleas from President Eisenhower and the threat of United Nations sanctions.

Dispatches from Jerusalem said the nation was in an angry mood reminiscent of the day Israel invaded the Sinai Desert. Israeli sources said it was a foregone conclusion some form of sanctions was in store and that they might follow a public statement from Premier David Ben-Gurion.

The Ben-Gurion statement, expected to be made to parliament and broadcast to the nation, would be in reply to a personal appeal from President Eisenhower sent simultaneously with the President's television address. The statement could come late today.

Cabinet Meetings

The cabinet met in two sessions to approve Ben-Gurion's speech and to hear a full report from Abba Eban, Israeli ambassador to the United States who flew here for consultations before the final decision.

Informed sources said that Ben-Gurion prepared his speech to Parliament Wednesday night before Mr. Eisenhower's message calling for unconditional withdrawal was made and before Eban arrived early today. Some changes in the speech were inevitable.

Political sources said Israel will not close the door to further talks on the basis of a Canadian proposal for a Gaza-Aqaba solution. But they said it will not accept the unconditional withdrawal without guarantees as requested by Washington.

Eban was returning to Washington tonight or Friday morning with new instructions.

The President's speech brought rejoicing in Cairo, but Israel was expected to condemn the President's decision. Initial reaction from Israeli circles in Washington was that Israel does not plan to give in as the President hoped it would.

The Israeli Knesset (Parliament) voted on Jan. 23 to keep the

Delaware Valley Hospital Gets Accreditation After Inspection

THE Daily Newspaper of Lower Bucks County

Thursday Evening, February 21, 1957

Second Front Page

Kiwanis Club Hears Talk On JP System

Assistant Bucks County District Attorney, Paul Becker, deplored the "antiquated" Justice of the Peace system in Pennsylvania in an address last night before the Kiwanis Club of Levittown.

Mr. Becker said, "The Justice of the Peace system in the state is antiquated and needs to be revised or replaced." He stated that "primarily, although there

Morrisville Takes Action On Budgets

Morrisville's Borough council inched closer to final approval of the borough budget last night with only the street and police committees still short of approval.

In a special session, council approved the budget of all other committees and acceptance of the budget for these last two committees will be accepted shortly.

Water Committee
The water committee will receive the greatest share of the tax dollar this year with an extensive program of work and improvement planned.

No increase in the tax rate is contemplated. Last year's figure of 21 mills will be repeated.

The budget is expected to increase about \$40,000 from last year with increased borough revenue from more water use expected to carry the extra tax income burden.

Increased Population
With the increased population in the borough, especially in the new Grandview Estates section, more residents use the borough's water supply which results in greater borough income.

In other action, council also accepted the latest revision in the tax remission sheets. This brings all names and addresses of borough residents up to date on the tax record books.

Playhouse

(Continued From Page One)
tinue through the winter with additional shows. The promoter said he has interested several producers in bringing their shows to the Bristol stage.

"The producers are excited by the idea," he said. "I've found tremendous interest in show people in New York and Philadelphia."

Ideal Place
Mr. Cassidy said the Grand Theatre is ideal for legitimate stage productions because of its design and location.

"The producers were amazed to learn a 1400-seat theater is available, with adequate stage and facilities for big time shows," he said.

Mr. Cassidy said he is engaging an acoustical expert to assure that sound from the stage will carry to all theater goers, either by renovations to permit natural sound or a Hi-Fi amplifying system. A complete series of other renovations is planned as well, he said.

The Kenley Players in 1955 leased the Grand Theatre for a season of summer stock that brought many notable stars to Bristol.

Good Response
Local businessmen have responded enthusiastically to the plan because of the new trade it would bring to the community, Mr. Cassidy said.

"This will turn eyes on Bristol and bring audiences from the four million people in the Philadelphia, and Trenton metropolitan areas," he said. "The theater patrons could bring an extra \$2,000,000 in business."

Housing

(Continued From Page One)
would not have bought without some assurance that Negroes would be a minority.

The average income per white family was \$5,998, the survey showed, while the average Negro family's income was \$6,361.

Death Notices

WILTSHIRE — Kathryn, wife of Ira Wiltshire of 531 Linden St., Bristol, died Wednesday afternoon at the Lower Bucks Co. Hospital after a lengthy illness. Survived by husband Ira Wiltshire, Mrs. Irwin Adams of Bala Cynwyd, Pa., Mrs. August Arnold of Bristol, Mrs. Joel Voit, Bristol, Mrs. Ralph Cahall of Bristol, Mrs. Joseph Walters, Mrs. John Wascher, Jr., of Bristol, and Miss Virginia Wiltshire, also of Bristol. Sons: Harry Wiltshire of Oakford, Pa.; Ira C. Wiltshire, Bristol; John Wiltshire, Bristol; George Wiltshire, Fort Lauderdale, Florida. 25 grandchildren, 9 great grandchildren. Relatives and friends are invited to attend funeral Monday 9 a.m. from her late residence 531 Linden St. St. Mark's Church. Interment Our Lady of Grace Cemetery. Friends may call Sunday evening. Funeral arrangements are under the direction of Murphy's Funeral Home, Bristol, Pa.

Israel In Angry Mood Over Speech

(Continued From Page One)

Gaza Strip and not to withdraw from areas along the Gulf of Aqaba until Israel receives firm guarantees that Egypt will not resume its blockade of Israeli shipping. A Jerusalem dispatch said that decision was still binding.

Israel also has expressed fear Egypt would resume fedayeen commando raids from the Gaza Strip even if UN Emergency Forces policed the area. An Israeli military spokesman said yesterday Egypt had established a new fedayeen base at El Arish in the Sinai Peninsula from which attacks were being made against Israel.

The statement came after Israel announced two Israeli jeeps had been blown up by newly-laid mines near the border and one Israeli soldier injured.

Sends Appeal to Ben-Gurion
Mr. Eisenhower discussed the "fateful" Mideast crisis in a nationwide broadcast Wednesday night. He expressed hope Israel would withdraw and said if it did not "I believe that in the interests of peace the United Nations has no choice but to exert pressure upon Israel to comply."

Arab sources at the United Nations said he also had sent a second personal appeal to Ben-Gurion to accept the UN demand that Israel withdraw immediately.

Area Clubs To Hear Talk
Kiwanis clubs of Trenton, Hamilton Township, and Burlington, N. J., will attend next week's meeting at which time Father Paul Shogan, pastor of Our Lady of Perpetual Help Catholic Church of Levittown, will be guest speaker.

Father Shogan will speak on the "Hungarian Situation."

John Boylan, public and business affairs chairman, reported that seven members gave blood yesterday afternoon at the Lower Bucks County hospital through the Red Cross Blood Program. This represents the fourth group donation for the club within the past 12 months.

Sen. Johnson
(Continued From Page One)
sort of "pressure" the United States would support against Israel in the United Nations if it continued to defy the world organization. But he indicated he was thinking more in terms of "moral pressure" than military or economic sanctions.

Raise Outcry
A proposal by Afro-Asian nations that tough sanctions be applied against Israel has raised an outcry from many members of Congress.

One high U.S. official said, however, that the President had not ruled out sanctions. In referring only to "pressure," this official said, the Chief Executive was being deliberately vague to give the United States a free hand for maneuvering its position if the issue does reach a UN showdown.

Officials said "moral pressure" could include a number of things. For example, they said, it might mean turning the full U.S. information machine against Israel.

Discusses Refusal
In discussing Israel's refusal to withdraw from Egypt, the President said that if the United Nations "does nothing, if it accepts the ignoring of its repeated resolutions calling for withdrawal of invading forces, then it will have admitted failure."

"This failure would be a blow to the authority and influence of the United Nations in the world and to the hopes which humanity placed in the United Nations as the means of achieving peace with justice."

This failure, he said, "would, in addition to its injury to the United Nations, jeopardize the prospects of the peaceful solution of the problems of the Middle East."

Atomic Heads

(Continued From Page One)

against aggression by air. First of the new defense weapons, announced by Wilson yesterday is an air-to-air rocket launched by high-flying interceptor aircraft. It "is now available."

Also to be "deployed" within the United States are nuclear warheads for such surface-to-air guided missiles as the Army's Nike-Hercules, a far-ranging improvement on the non-atomic Nike-Ajax now defending major target areas, and the Navy's shipboard Talos.

LPRA Meeting Is Postponed

The Levittown Public Recreation Association meeting scheduled for tonight has been postponed until next week. Private business affairs required several members of the Board of Trustees to be out of town today.

A \$10 subscription fee for a year-round recreation program was slated for adoption at the meeting.

Council Slates Exemplification

St. Joseph the Worker Council No. 4215, Knights of Columbus, will exemplify first and second degrees at 8 p.m. tonight in Our Lady of Perpetual Help Church, Emilie road, Levittown.

Arab sources at the United Nations said he also had sent a second personal appeal to Ben-Gurion to accept the UN demand that Israel withdraw immediately.

School Bus In Accident

A number of children escaped injury when a school bus involved in a three-vehicle, rear-end collision on Route 13, Eddington, at 4:15 p.m. yesterday.

The bus, operated by James C. Shotton, 33, of 1009 Bristol pike, Andalusia, was carrying children home from St. Charles Catholic school, Cornwells Heights. It had stopped to discharge several pupils.

A car driven by Allen Cirard, 30, of 304 Holly drive, Levittown, had stopped behind the bus.

A pick-up truck operated by Thomas Casterline, 36, of box 503 Bristol, crashed into the rear of the car and drove it into the rear of the school bus, according to state trooper Raymond F. Talaj, of the Fairless Hills barracks.

The school bus was not damaged and no one was injured. Damage to the car was estimated at \$400. The front of truck was smashed with damage set at \$150 by Trooper Talaj.

2 Area Drivers Hit In Trenton

The cars of a Morrisville youth and a Yardley driver came together in Trenton last night resulting in a collision in which two persons were injured.

Trenton police said Morell Day of Sunnyside lane, Yardley, passed a red light at the intersection of State and Warren streets and would be charged with careless driving.

Day collided with Gus Reynolds, 17, of 311 Clymer avenue, Morrisville, as the Morrisville car tried to cross State street.

Reynolds suffered contusions of the left arm and a passenger in his car, Cathy Mezaros, 16 of 412 Hillside avenue, Morrisville, suffered cuts and bruises of her right leg.

Science Fair Winners

Winners at a science fair yesterday in the Penn Valley Elementary school, North Turn lane, Levittown, were: (from left) Lawie Leidy, Ron Higgins, Penny Ross, Janet Langnas, Diane Crimmins, David Miller, Bill Baar, Tom Leidy, Robert Cusanno, David Seip,

Planning For 'The Tender Trap'

Executive committee of the Ralph Waldo Emerson school PTA met last night at the school, Mill Creek road, Levittown, to formulate plans for a benefit performance of "The Tender Trap," by the Levittown Players. Members of the committee are: (seated, from left) Mrs. Alvin B. Barrett, ways and means; Mrs. Amos Nissley, membership; Mrs. Leon King, recording secretary; Mrs. Harry Green, hospi-

Middletown Democratic Slate Picked

The executive committee of the Middletown Township Democratic association last night drew up a slate of seven candidates to run for the party's nomination in the primary election.

Endorsed for township posts by the committee were Joseph Sab, supervisor; Norman Weber, tax collector; William Kudler, tax assessor; John Larkin, auditor; Charles J. Tetlow and Mrs. Helen Stillman, school directors, and Dr. Glenn W. Bricker, justice of the peace.

The meeting was held in the home of Gus Tatlas, first vice president, at 29 Larkspur road, Lower Orchard, Levittown.

Tetlow, party chairman, is running for reelection to the school board. He is currently president of the school board.

Dr. Bricker was selected for the justice of the peace post over incumbent William Oettinger, a Democrat. JP Oettinger was appointed to the post last year by Governor Leader to fill the vacancy caused by the death of Eugene Sergeant.

Members of the Democratic executive committee are: Tetlow, Tatlas, first vice chairman; Sab, second vice chairman; Mrs. John S. Neal, Jr., corresponding secretary; Mrs. Abe Perlman, recording secretary; Donald Graham, treasurer; Mrs. Cyril Fleming, John A. A. Crowley, Mrs. William Oettinger, Asher Brown; Mrs. Ezra Lang, Walter Farley, Mrs. David Wilker, Dominick Spadicino and Mrs. John Pule. Proxy voters at the meeting were Paul Hastings, Mrs. James J. Boyle, Mrs. Dominick Spadicino and Frank McGinley.

50 Secretaries Conduct Meeting

Some 50 secretaries of the Lower Bucks County Association of Educational secretaries sponsored a dinner-business meeting at Flannery's restaurant, Pennell, last night and heard Warren Ringle speak on "School Employees' Retirement System."

Mr. Ringle is assistant principal of the Charles H. Boehra Junior High school.

The business meeting was presided over by Mrs. Martha W. Carlson, Neshaminy School district, who also gave the welcoming address.

Invocation was given by Miss Ellen Jane Booz, vice president of Bristol borough.

Hostesses for the evening were secretaries from Bensalem township and Bristol borough.

Seeing Levittown

By JIM ORT

Seems there's a new type of pyramid club going through Levittown—it pays off in dish towels. The whole system operates through chain letters. A woman receiving one is asked to send a dish towel to the first two names listed, then add her name, and mail out letters to six other women. In return she is supposed to receive 36 dish towels.

A group of Levittown ladies are contemplating the organization of a teen-age canteen, sort of a chaperoned Bandstand type deal. But, they want to know if the teen-agers would be interested in the endeavor. If so, they should contact Mrs. Charles Hopkins, 27 Myrtle lane, Magnolia Hill, at WI 5-8342.

Through an ad in the Courier and Times, Mrs. Sylvester Bryan, 90 Blue Ridge drive, sold a pair of drapes. The buyer let her keep them for awhile, but her twin boys, Keith and Kevin, three years old, evidently took a fancy to the curtains. Mrs. Bryan had listed the name of the buyer on a small piece of paper, but the twins threw it in the fire place.

50 Secretaries Conduct Meeting

Hostesses for the evening were secretaries from Bensalem township and Bristol borough.

along with some stuffed toys and other papers, and put a match to it. Now the buyer is unknown and Mrs. Bryan will be stuck with two pair of drapes, when her new ones arrive.

Levittown Emergency Squad planning a bake sale for Saturday at the Thriftmart. Members of the Snowball Gate Women's Club will provide the goodies for the sale. Anyone interested in donating baked goods should call Frank Kerwood at WI 5-4579.

Hot Rods

(Continued From Page One)

on Hall avenue and a service station on East Trenton avenue in Morrisville.

Residents in the area say the hot-rodgers come in to Morrisville after being chased out of other neighboring communities.

No Action Yet
"This has been going on for about six months now and something ought to be done before someone is seriously hurt," one citizen said.

"We have made complaints to the police and to the borough council and we haven't seen anything yet done about it."

Church To Mark 50th Anniversary

More than 500 parishioners of St. Ann's Catholic Church, will attend the Golden Anniversary banquet in the Goodwill Fire House, Bristol, Sunday, part of three days of activities marking the 50 years since the church was founded.

Special masses will be offered Saturday and Sunday, and clergymen formerly associated with St. Ann's will return to the parish for the occasion. The anniversary events will start with a 7 a.m. mass Saturday, a day consecrated to the memory of deceased benefactors and friends of the parish.

The Courier and Times will carry a 28-page supplement today replete with the bargains to be offered in the "greatest sale of the year."

Shop-A-Rama To Start Its 'Greatest Sale'

The "greatest sale of the year," Levittown Shop-A-Rama's third annual Washington's Birthday bargain spree, will be held all day Friday at the giant shopping center. More than 60 stores will offer special value-priced items for the occasion. It was announced yesterday by Ralph Bond, president of the Levittown Businessmen's association.

"Friday's sale promises to be one of the most fantastic sales carnivals in the shopping center's history," Mr. Bond said. He recalled that during last year's Washington's Birthday sale the stores were mobbed by bargain conscious shoppers, and predicted that on Friday, the response would be greater than ever.

First Class Values

"Some of the stores are offering some of the lowest prices on record for the sale," Mr. Bond said. "And all the items are first class values."

As an example, one store plans to place more than 1,000 45 RPM brand new pop records on sale at a penny apiece as well as record condition TV sets at \$13 each. Another store will offer training pants for children at nine cents a pair. Other stores will have such diversified items as orlon pillows at \$1 each; women's blouses, each for \$1; \$14 dress shoes for \$4; Boy's suits regularly priced at \$30 for only \$14; yard goods at a yards for a 1; and boy's blue denim jeans, 99 cents a pair.

"Red Hot" Bargains

Twelve of the Shop-A-Rama stores are planning "red hot" values sales, in which a different item will go on sale every hour. In addition to their regular mark-downs. The "red hot" bargains, which will be advertised individually by the stores, will go on sale at 10 a.m.; 11 a.m.; 12 p.m.; 1 p.m.; 2 p.m.; 3 p.m.; 4 p.m.; 5 p.m.; 7 p.m.; and 8 p.m. All stores will be open until 9 p.m. on Friday evening.

The Courier and Times will carry a 28-page supplement today replete with the bargains to be offered in the "greatest sale of the year."

Institution's Finances Will Be Aided

The Delaware Valley Osteopathic hospital has received accreditation after an inspection by the American Hospital Association, Bureau of Hospitals, officials announced today.

The inspectors were impressed with the caliber of improvements inaugurated since the osteopaths took over the operation of the hospital one year ago.

Letter Of Acceptance

Dr. George Levenson, hospital administrator, said this morning, "We received our letter of acceptance as a registered hospital this week after an inspection held last summer by Dr. Siehle, a hospital inspector employed by Bureau of Hospitals."

"We received commendation in a very short period of time. Usually it takes two to three years to achieve registration," Dr. Levenson noted.

The inspector examined the physical facilities of the obstetrical, surgical, and pediatric departments and also reviewed the hospital patient record charts.

Financial Return

Dr. Levenson pointed out that besides the prestige involved, accreditation means better financial return from Blue Cross.

The hospital is a member hospital of Blue Cross. A non registered hospital receives 90 percent of its billing whereas a registered hospital receives the full amount. This means an additional \$12,000 per year reimbursement, Dr. Levenson said.

The hospital was taken over Jan. 1, 1956 by a group of local osteopathic physicians as a non-profit community hospital.

In the first year of operation the capacity was increased to 58 patients. Money for improvements to the building and equipment were drawn from a building fund which is contributed to by the doctors from 25 percent of their fees.

"Last year, Dr. Levenson said, "we added \$25,000 worth of improvements to the building and in the first six months of this year we expect to put in improvements amounting to \$35,000."

3 Cars Crash In Morrisville

Two cars that stopped for a light and a third that didn't resulted in a three way collision in Morrisville yesterday.

A Morrisville woman failed to stop at a light, Morrisville police reported, and ran into a car in front which in turn rammed a third vehicle.

Officer Stanley Naprawa said Nancy Ricci, 51 West Philadelphia avenue, failed to stop at a light at South Pennsylvania avenue and Bridge street.

The Morrisville woman hit the rear of an automobile driven by Lillian Sharpham, 149 Robertson avenue, Morrisville. The impact drove the Sharpham car into the car of Frank Fargione of the Country Lane Trailer Park on Route 13.

Police estimated damage to the Ricci car at \$300. Damage to the Sharpham car was \$150 and damage to the Fargione car was estimated at \$50.

The Ricci woman received a cut on her mouth when she hit the steering wheel of her car from force of the collision.

Babies Saved

(Continued From Page One)
with his head and entered the smoke-filled house.

He dropped the two children to bystanders and groped his way to a front bedroom where he found two-year-old Loretta Woods asleep. He carried her to the window and tossed her to safety.

Gilmore then found nine-month-old Belinda Woods in a rear bedroom and dropped her to neighbors.

Escape down the stairway blocked, Gilmore backed to the broken window, grabbed two electrical inlet conduits in the front of the building and slid to the ground.

Firemen required 90 minutes to extinguish the blaze, apparently started by the children playing with matches. The mother of the children and their grandmother, Mrs. Vera Woods, were not at home when the fire started.

News Tip Call May Mean \$5.00

If you've got a keen sense for news, it could mean extra bucks for you. Whatever the news tip might be, just phone the News Tip Editor, Courier and Times, Windsor 5-1000 or Stillwell 8-3325. For the best tip of the week, the Courier and Times will pay \$5.00.

Morrisville • Yardley • Makefield

Honored

Martha Berglund, daughter of Mr. and Mrs. C. W. Berglund, 2 Patrick lane, Morrisville, a senior at Beaver college, has been named a member of "Who's Who Among Students in America's Colleges and Universities."

Cub Pack 85 Plans Banquet In Morrisville

The annual blue and gold banquet of Cub pack 85 of Morrisville is set for Feb. 27 in the Episcopal Parish house on North Pennsylvania avenue in Morrisville.

Rev. William T. Warren of the Church of the Incarnation, sponsoring the Cubs, will give the invocation. George Porter, district executive of the Bucks county scouts, will make the charter presentation.

New Den

The following boys will be installed into the newly created Den 6 of the pack: James Albright, James Padgett, James Cook, Dean Slack, Tim McCoy, Guy Roman, Gary Caldararo and Preston Turner.

Cubmaster Richard Campbell will present the following awards: Webelos badge, highest award in Cub scouting, to David Goldenbaum; wolf badge, Robin Bennett, Nick Calabro, Gary Miller and Bobby Lyon; bear badge, Charles Hughes and Eddy Coeld; lion badge, Tony Calabro, Ron Waite and William Temple.

Also gold arrow for wolf badge, William Dyer, Gary Miller and Bobby Lyon; silver arrow for wolf badge, Alan Comfort, Jimmy Frye and Bobby Lyon; gold arrow for bear badge, Billy Harshbarger, Larry Bryce and Bob Smith; gold arrow for lion badge, Ron White and William Temple.

Also dinner stripe, Dan Walsh; assistant dinner stripe, Bob Cunningham; service star, Tom Tettemer; birthday books, Bobby Lyon, and Preston Turner and den chief award, Forest Shull.

Lions Postpone Anniversary Fete

At a board of directors meeting of the Yardley-Makefield Lions club, it was decided to postpone the club's 25th anniversary banquet until April.

Club secretary John Elder said the original March date comes too close to a dance being planned by the club's auxiliary.

The club is also considering a visitation to another service club in the area early in March.

The meeting was at the home of Wilbur Shearman, Morning-side avenue, Yardley. The directors will now meet regularly the first Tuesday of every month, Mr. Elder announced.

Planning Card Party

Members of the committee for a card party at the Holy Trinity school in Morrisville get together to plan the event. Seated (from left): Mrs. William Collins, and Father Joseph D. Gallagher and standing, Mrs. Nicholas Pelehaty, Anthony Gavrish and Robert Bucknum.

Makefield Drainage Problem Near End

At long last, Lower Makefield's drainage problems may begin to fade.

After continued pressure from civic groups, township officials and Courier and Times articles making note of the situation, a 48-inch drainage pipe is being installed under Black Rock road.

The state road has been a hot spot in the township for many months with angered citizens complaining that the road failed to

drain properly after a rain.

The leakage would run off into the road and make the highway a sloppy mess. The worst part of the road was the area adjacent to the canal which overflowed freely to the highway.

Only last week the road underwent a resurfacing job but that was considered only a temporary measure and not sufficient for permanent relief.

While the work is being done on the highway, the state-owned road will be blocked off to pedestrian traffic.

No estimate was given as to

when the construction of the drainage pipe would be completed.

Wayman Slated For Grand Jury

Twenty-one-year-old Frederick J. Wayman of Morrisville will stand trial before the Bucks County Grand Jury in connection with the Dec. 13 armed robbery of a Bensalem dry cleaning store.

Bensalem Justice of the Peace Albert Schultz reached his decision yesterday after weighing evidence and reviewing all testimony of witnesses and said,

"There is enough evidence to establish a prima facie case (or sufficient evidence for trial)."

Squire Schultz said the testimony of the robbed clerk, Miss Dolores Plunkett, who "positively identified" Wayman as one of two men who took some \$30 from her at gun-point, was sufficient evidence to bring the case to trial.

Extension Supported By Businessmen

The Businessmen's association in Morrisville will begin a big push to have the Washington street extension plan approved, the group said today.

"We haven't really gotten behind the project full force up to now but we intend doing so soon."

All Information

"There are many facts that are not yet available to the public and we intend to make them public."

"We feel the extension will greatly benefit all the citizens in Morrisville and we intend to do all we can to get it approved," Mr. Wamsley said.

Not-Informed

Mr. Wamsley said people in the borough have come out against the project and they don't even have all the information regarding the situation.

"Some of the property involved in the extension will be deeded to the borough free of charge. It will probably cost some money for the projects but in the long run, it'll be quite a bargain," he said.

To Meet

The association has a meeting set for later this week and more information on the project will be revealed after that, Mr. Wamsley said.

Mr. Wamsley said the association has 51 paid-up members in the active list.

The association may be asked to make public its membership list at the open hearing on the extension set for March 5 at the VFW post home at 101 Hillcrest avenue.

Morrisville VFW To Choose Slate

Morrisville's VFW Post, 6176 will nominate officers for the year at a meeting Monday at the post home at 101 Hillcrest avenue.

Second nominations are scheduled for March 11 and the election night is listed for March 25.

MUSICIANS ON AIR

High school band members of the Southeastern District of Pennsylvania will be heard Saturday night from 7 to 7:30 in a concert over radio station WTTM, Trenton.

Hunter Firm Has Display

Students in the adult education course in Trenton's Rider college viewed a display prepared by the Hunter Bristol Engineering corporation in conjunction with national advertising week.

The Bristol company prepared a series of displays to be studied by the advertising classes in the education program.

Included among the displays were various diagrams on the company's latest efforts in the field of military and commercial aircraft equipment.

The students saw drawings of the prospective advances in the aircraft design. Included among the drawings were shots of high powered rockets and other transportation crafts of the future.

The company is constantly engaged in research on engine and equipment installation, aircraft modification, electric fire control apparatus, rocket sleds, and other future aircraft equipment.

WORK COMPLETED

Work has been completed on installing the Morrisville Borough Hall in the borough sewer line. The building on Chambers and Washington streets now ties into the borough line used by most Morrisville residents.
